The 2016 Central Atlantic District Championship hosted by Ocean City Yacht Club's Fleet 430 (Ocean City, New Jersey) started a day early with a Lightning Lab run by Allan Terhune Friday evening. He generously shared his knowledge of the Lightning, and a number of teams took advantage of the opportunity to learn and prepare their boats before the competition started.

Saturday brought a warm and sunny sky with 8-10 knots of wind. The race committee did a good job adjusting the race course in the shifty Northeasterly breeze out in Great Egg Harbor Bay. The racers weren't lonely in the bay because many fishing and motorboat enthusiasts kept the racers on their toes kicking up lots of motorboat chop. Three very challenging W5s were run on the day. The evening provided a fantastic sunset at OCYC for the dinner and party. The band 'Tidal Wave' was a highlight and the dance floor was packed late into the night.

Sunday was a much lighter 3-5 knot ENE with again plenty of motorboat chop at the bottom of the race course. Race 4 was a W4 won by an OCYC local George Glenn and crew. The fleet was jumpy for the fifth and final race of the championship resulting in the first general recall of the regatta. After the restart the team from Riverton YC of Billy Martin, Janel Zarkowsky and Isabella Luzuriaga secured the championship with a third place in the final race. Congratulations everyone on a great weekend of sailing and thanks to Ocean City YC for hosting.
