São Paulo State Championship

With five new boat owners in the races, fourteen boats competed into two classes for the 2013 state championship.

First day had light winds and showed Tommy Sumner and team on top of the leaderboard. Tommy is now competing with Larissa Juk, who are preparing for the Pan American mixed team requirements.

Last three races were sailed in winds up to 23 knots, looking much like Búzios on the Guarapiranga Lake, and Claudio Biekarck and his team won all three races, taking the Championship.
