7	15233	Schussboomer56	Jim Schofield	7	6	4	6	5	7	6	(7)	34

.....and his name is Trey Rose.....and Mike Garza and Anneliese Kittrell – the new MI Lightning District HI Point leaders (see pics).....and done commandingly with a victory at the Boyne Mark Madness regatta. It came down to the very last (7th) race, with the Rose/Garza team tied with Team Morin (last year’s HI Point Champs). See Trey’s complete story below.

Here’s the team in action: <http://www.youtube.com/watch?v=LWTkZVpy9bc>

Trey’s commentary:
"Boyne was fun! We started our trip Friday night at 11:15 leaving the Detroit area after a fundraiser, which got us to John McCree’s home pretty late in Bay City. Got 3hr’s of sleep and Ninja our way in to the Bay City Yacht Club to borrow Gus Dey’s boat at 4:15am and finished out trip to Boyne city to rig and race the boat (sleeping in the car was a must).

Saturday we had wind around 3-6 knots and we had four races having Disconnected and Ninja’s tied with Horse With No Name on our heels. The views were great! Wind was shifty and leads were shuffled up often.

Saturday night was done right once again by going to the Red Mesa for some great tequila! The place had NO El Toro by the time we left it!

Sunday the wind had built up and starting from 6am when I woke up from my 10 hour hibernation. I was staying with a friend with a great view of the lake and was able to study the way the wind was building and shifting as the sun came up, which was amazing.

The wind continued to pick up as a few cumulus clouds kept sweeping across having winds vary from 5-12, playing these with a balance keeping away from the hills were key which John McCree did very well.

We had an amazing dinner at the Turkey Roost near Bay City on our way back (a must when doing lightning events).

Special thanks to John McCree, Guy Dey, Dave Farnier. Without John we would have been too tired to race Saturday, without Gus we would not have a boat to sail, and without Dave we would not have been able to have a wonderful bed and breakfast."

Thanks Trey....we now see how Team Ninja rolls.

This weekend – nothing.....the pause that refreshes. Then Bay City, District Championship at Tawas, Great Lakes Championship at North Cape – back to back to back.....plenty of opportunity with 50 – 60 HI Points for the taking – get some! Info and details coming soon.

For those of you doing the Mackinac’s - it’s back to back to back to back to back. Prepare accordingly.
